TREMONT MILLS.
Teas, Coffees, Chocolates, Cocoas, Spices, &c.
WHOLESALE—AND ALSO IN SMALL PACKAGES.
E. E. DYER & CO.,
(Sign of the Chinaman grinding Coffee,)
141 WASHINGTON STREET BOSTON,

Supply the best and purest articles, at the *lowest Cash prices.* Their Stock consists of

Teas, Coffees, Chocolates, Allspice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Pulverized or Prepared Dandelion Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on having them pure and *genuine*, as they are put up carefully, and bear our name and label, "TREMONT MILLS, E. E. DYER & CO." To give consumers some idea of our scale of prices, we annex the following scale of prices, viz:

1 lb. Souchong Tea, 1,50 — 8lb. Sterling Coffee, [illegible]
8lb. Oolong Tea, 1,75 — 8lb. Java Coffee, [illegible]
8lb. Y. Hyson Tea, 2,25 — 8lb. good Coffee, [illegible]

☞The Spices are put up in ... tin canisters, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee*, an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care, and by a peculiar process in roasting; one pound of this coffee, it is believed, is equal to 1½ lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared at our mill, and put up in packages bearing our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root.* This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee*," may be relied upon as the *genuine article.* The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by Druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or used, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians to invalids, children and aged persons, as a nutritious beverage and as a remedy for Dyspepsia, Bilious affections, &c.

☞Be careful to observe that all our *Coffees* have our trade mark, "Chinaman grinding coffee."

☞*To Grocers and Dealers* a liberal discount is made, enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system, and we confidently invite an examination of the *quality* of our articles, and our prices, as compared with those of any other house.

SIXTH SEASON
OF
OLIVER A. LUNT'S
Dancing Academy!
Lewis' Block—Main St.

JUVENILE CLASSES will commence on WEDNESDAY, Sept. 10th, at 2 o'clock P. M. Adult Classes can be formed to suit the convenience of pupils. The subscriber is most happy to inform his patrons, and the public generally, that he will present to them the latest and most fashionable styles of Dancing now taught.

Among the New Dances are ..., which are now taught in the best Schools of London and Paris. These include the Varsoviana, Cellarius, Redowa Waltz, Esmeralda and the various forms of Polka and Redowa Dances.

New Styles of Quadrilles and Waltzes will also be introduced, which with the superior advantages offered pupils for practice, will, it is hoped, meet the approbation of all.

For terms, please apply to the subscriber at the Hall, Lewis' Block, Main street.
Sept 5th OLIVER A. LUNT.

THE HATCH HOUSE,
Main Street, Bangor, Maine.
This House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage. NATHAN PERRY Jr.
Bangor, Feb. 26, 1856.

STANLEY HOUSE,

CUTTING'S PATENT
AMBROTYPES!
B. F. CAMPBELL,
No. 145, Hanover Street, Boston,
Is now prepared to take Pictures of all varieties, from large frames to small Lockets and Pins, at moderate prices.

The Ambrotypes being hermetically sealed between two plates of fine glass, are proof against the action of water, acids or the variations of the climate and are the only pictures that remain unchanged by time.

They are not reversed, can be seen in any light, are bold and clear in effect, and beautiful in tone! They can also be taken in a few seconds, rendering them far preferable for children and those who can not bear strong lights.

These Pictures seem destined to supersede all others now in use, and none are genuine unless stamped "CUTTING'S PATENT."

RANGES,
Furnaces & Stoves!
THE Subscriber respectfully calls the attention of the public to his assortment of STOVES, RANGES and FURNACES, and would especially invite their notice to his new *COOKING RANGE* called the Champion, of which there are seven sizes—two portable and five Brick, adapted to all variety of families, from the smallest private house to the largest class Hotel. The Champion can be set with one or two ovens, also hot water and hot air fixtures. The ovens are elevated and so constructed, as to bake most perfectly with a small consumption of fuel. The hot air fixtures for this Range are of new invention, and warranted to produce double the amount of heat any other does; in short the Champion, either portable or brick, is a perfect article in every respect. Also, Winchester's Hot Air Radiator claims particular attention, being the handsomest and most economical stove ever offered to the public. There are four sizes adapted to Parlors, Sitting Rooms, Chambers, School Houses, Halls, Stores, and in fact to all classes of rooms designed to be heated by a Stove. Some eight or ten hundred of the Radiators were sold last season, giving entire satisfaction, and having made some improvements for the present season we now offer it, feeling confident it cannot be equalled by any other Stove.—Also, Rice's celebrated Hot Air Furnace may be found here, together with the Radiating Portable Furnace, and a good variety of the most popular Cooking, Parlor and Office stoves, all for sale at the lowest market prices at wholesale or retail.

TO FARMERS!
Muriate of Lime.
THE high price of the special Manures Guano, &c., first led to the composition of a fertilizer, which should combine all their good qualities, but whose price should place it within the reach of the poorest of the cultivators of the soil. The increased demand of last season, together with the voluntary testimonials of many who have proved its efficacy, leads the manufacturer to believe that the object has been obtained in the Muriate of Lime, and has induced him to extend the facilities in its manufacture. It has been tried upon almost every variety of soil, but is generally adapted to Cereal Plants, Grass, Corn, Wheat, &c.

A pamphlet, with testimonials, showing its effects upon the Grape Vine, Corn, Potatoes, in relation to Rot, as a preservative, Strawberry, Ruta Baga and Turnip of all kinds, Beans, Peas, and all pod bearing plants, its effects in destroying the worms and other insects, its great value in the Apple Tree, also its effects on Grass Land, producing a better crop the third year than the first, in a word being permanent in its effect, whereas Guano has to be applied every year,—will be forwarded to any address, and all orders by mail, accompanied by the cash, punctually attended to. It is sold at the following fixed prices: For less than 10 bbls, $1,40 per bbl.; over 10 bbls $1; or in bags of 150 lbs, at 67½ cents per bag for over 10 bags. Less than 10 $1 each, delivered at any depot or wharf in Boston or Charleston.

Unrivalled Melodeons.
MR. GEO. P. REED, No. 17 Tremont Row, Boston.
Dear Sir—At your request, I have examined one of the Melodeons manufactured by Messrs. George A. Prince & Co. of Buffalo. I think the instruments in all respects equal, and in some respects superior to any others of similar kind which I have seen, and in particular with respect to quality of tone and promptness of touch, or action of the reeds, by which quick passages may be performed with certain and distinct articulation of tone. An instrument of this kind is the best substitute for an organ, in church music with which I am acquainted.

CHEAP AND SAFE LIGHT.
NEWELL'S PATENT SAFETY LAMP AND LAMP FEEDER. Warranted to prevent all accidents from the use of Burning Fluid, Patent Oil, Rosin Oil, Camphene and all other explosive compounds used for the production of light. This invention is applied to Common Fluid, Solar and Camphene Lamps, Lamp Feeders, Fluid Holders, Lanterns, &c. &c.

We respectfully invite the attention of the public to Newell's improved Solar fluid Lamps in the argand form, which gives a steady, brilliant flame, the nearest to gas that has ever been produced, the cost of burning being less than one cent an hour.

These Lamps are particularly adapted for Churches, Hotels, Factories, Stores and Parlors. Oil Solars can be altered using the same shade. Common Fluid Lamps can be changed to Safety Fluid Lamps.

Professor Silliman says, "All the so named burning fluids are explosive, whether liquid or colored, and to pretend that they are not so is to deceive the public, but with the protection above named, I should have no hesitation to use it, and I do, with entire confidence recommend it to my friends and others who consult me on the subject, always protesting against its unguarded use, which has produced so many distressing and fatal results."

These Lamps have been extensively used in all parts of the United States for more than four years, and there has not the slightest accident occurred with them. They have the sanction of the greatest scientific skill of the country, such as Prof. B. Silliman, Prof. J. Robb, Dr. Charles T. Jackson, Dr. A. A. Hayes, &c., &c.

We keep constantly on hand the best Burning Fluids.

STIMSON, VALENTINE & CO.,
No. 55 Broad Street, Boston.

CARD.—BOSTON, July 1, 1856.—The subscriber, having for several years past manufactured Varnishes for Messrs. Bigelow & Price, of Newark, N. J., takes this method to inform those interested in the sale and consumption of Varnishes, that he is now engaged and interested with Messrs. Stimson, Valentine & Co., of Boston, in their Varnish establishment, and with pleasure would solicit for the firm the patronage of his friends and the public.
JOHN BABCOCK.

DISEASES SUCCESSFULLY TREATED.
REMARKABLE CURES PERFORMED.—*Words of Advice and of Caution.*—Encouraged by the very liberal patronage bestowed upon me by my friends and the public, during the past few years, and the extraordinary success which has attended my efforts for the cure of the sick, I am determined not to relax any exertion to further usefulness, but rather to prepare myself for renewed labors in my undertaking.

That diseases heretofore considered incurable can be conquered, I have abundant proof in my own experience. To name a few particular cases, I might mention Mrs. P. cured of vomiting blood, after having been given up by her family physician to die. Mr. T. cured of a violent eruption over his head and parts of the body, and pronounced incurable by one of the best physicians in Norfolk county. Mr. B. cured of consumption. Mr. D. of liver and kidney complaint. Mrs. T. of cancer in the breast as large as a quart bowl. Mr. B. of secondary symptoms, after having been brought near the grave under the treatment of other respectable physicians. Miss M. of consumption. Mr. C. of very alarming consumptive symptoms; and I might go on with such cases and fill columns. I will give any one the full name of any of the above, if they will apply to me at my office.

Hope, then, is for the Sick.—I do not make a business of sending medicines to agents, but rely for speedy and sure cures upon being able to prescribe the medicines myself. Persons can consult by letters and have their medicines sent by express.

Advice I am always glad to give freely, and persons calling upon me need not feel under any obligations to take medicines, unless they choose to do so.

Words of Caution.—This is an age of new things; among much good there is much humbug. Be not over-anxious to be experimented on. Fourteen years I have found my medicines to be safe and efficacious, and the public may rely that they will do what is promised for them.

I warrant a cure in all curable cases. If a person gives my remedies a fair trial without receiving the promised benefit, and is afterwards cured by some other physician, I will refund all the money paid me.

A full description of my medicines, and many certificates of remarkable cures, together with much useful information, can be had by applying at my office. My book sent by mail on the receipt of a postage stamp.

The following is my advertising card:—

E. D. SPEAR, INDIAN DOCTOR, so much celebrated for his remarkable cures, may be consulted at his office, No. 18 Kneeland Street, from 8 A. M., to 2 P. M., upon all diseases and conditions of the human system, free of charge.

As usual, Dr. Spear gives special attention to chronic forms of disease, Humors in the Blood, Dyspepsia, Consumption, Skin diseases, Urinary difficulties, abnormal condition of the Kidneys, Liver and Heart; Rheumatism, all female diseases, especially Prolapsus Uteri, and unnatural suppressions, weaknesses and debilities.

Dr. Spear is now being visited by one thousand patients every month, some of whom travel hundreds of miles to consult him and to obtain his remedies.

Dr. Spear will warrant a cure in every curable case. After giving his remedies a fair trial, if a cure is not effected, he will pay any other physician who will effect a cure, his bills not exceeding $100. Persons at a distance can consult him by letter, enclosing a stamp to pay the postage.

Cheap & Convenient Building!
Door, Sash and Blind Factory.
A. DUNBAR
HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for good dwelling-houses and other buildings to be erected in this city, the coming season. He has excellent workmen in his employ, and has such a stock, so that he is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure.

This business has now become so well systemized that only a small margin is left in knowing beforehand the cost of a dwelling-house, while the work is of a uniform excellent quality.

Any one interested can examine specimens of the work at the factory, near the Rose Place, or at the store of M. S. Jackson, on Exchange st., and at either place any article may be obtained or large quantities ordered.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice.

By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and so well organized is the business, that no man should now think of building in the old and slow and imperfect methods.

Are we all Ready?

Are the Freemen of Maine ready for the [illegible] It will not do to rely upon the supineness of the enemy. The friends of freedom must renew their organization and see to it that the voters are at the polls. This is all that is needed to secure an overwhelming [illegible] the State and in the nation.

The people are with us in this great battle for [illegible]. When the issue comes on the [illegible] between the restriction of slavery and its extension and perpetuation *[illegible]* as to how Pennsylvania and Indiana will go—and every other free State—*the people are in favor of freedom.* With the contest divested of other issues which have only [illegible] our cause in that State [illegible] give at least *twenty thousand majority* for freedom.

LET MAINE DO HER DUTY—and [illegible]

ORGANIZE AND BRING OUT THE VOTE FOR 30,000 MAJORITY.

The Kansas Election—Movement for a Slave State.

[illegible] election [illegible] free State men very properly declined to [illegible] validity [illegible] Territory [illegible] the result [illegible]

[illegible]

Facts show this—for at the very [illegible] have not only elected Whitfield as delegate to Congress [illegible]

The [illegible] the Missouri Republican [illegible] Should [illegible] President [illegible] Buchanan or Fillmore [illegible] slave State [illegible] formed would [illegible]

At this [illegible] the whole number of votes polled [illegible] New Jersey the [illegible] presided there [illegible]

WHAT CONSTITUTES [illegible] The Bangor Democrat [illegible] *The Great* [illegible]

A practical wag here, getting possession [illegible] the [illegible] of a telegraphic [illegible] blank letter sheet, filled it up on Thursday with election returns giving Pennsylvania [illegible] by 10 to 20,000 majority, Indiana as strong and Ohio much stronger, and sent it to one of the leaders of th[illegible]

The [illegible] the name of Hannibal Hamlin.

According to the Democracy, the [illegible] of *forgery*. In Kansas the democratic jokes are perhaps a little less laughable to those upon whom they are [illegible] consisting as they do there, of the pleasant [illegible] of highway robbery, [illegible] murder. We hope the "practical" wag [illegible] will be satisfied here with their less serious jokes.

The New York Tribune of Saturday gives some [illegible] by official returns [illegible] Pennsylvania, and is of opinion that the Buchanan [illegible] is elected. The [illegible] however leave it in our judgment still in doubt. But should the Buchaneers have all they claim it will still show a democratic loss compared with last year, of over 6000 votes—and this notwithstanding the immense efforts of the party leaders, and the many thousands of fraudulent votes. The Tribune now says the State can be carried for Fremont.

ARRIVAL OF THE STEAMER ERICSSON. Steamer Ericsson, Captain Lowber, from Liverpool Oct 1, arrived at New York about 10 o'clock Friday morning.

From the New York Evening Post.

The Pennsylvania Election.

It was intended to claim the expected triumph in this election as simply a Fillmore triumph, as a success in which the friends of Fremont were to have had no part. There are three things which are to be observed in regard to this view of the matter. In the first place it was impossible for the friends of Fremont to feel that interest in the event of an election conducted in this exclusive spirit, which they would if it had been managed with a view to the common benefit of all classes who oppose the present administration and the election of Buchanan. In the second place, no man of [illegible] Germans or Irish, English or French could be expected to give his vote for candidates nominated merely as Native Americans. In the third place, the entire denomination of Friends in Pennsylvania, all of whom will vote for Fremont in the Presidential election, abstained from taking part in this, not merely because it was a local election, but because the candidates were not nominated with any view to the decision of the slavery question. Here are two large divisions of the great Fremont army yet to be brought into the field.

The friends of Buchanan, we learn from those who were on the spot and witnessed the preparations for the election, made the most frantic exertions, spared no persons, [illegible] no labor no expense, but swept up every vote that could by every possible ingenuity or industry be brought to the polls [illegible] they were, that if they failed in this election, Pennsylvania was lost to Buchanan, and Fremont would be President.

For the election which takes place in Pennsylvania we have the best hopes. We shall be stimulated to form a more perfect organization, and with it we shall carry the State. [illegible] five hundred majority only carried Johnston the Taylor candidate into the Governor's chair, in the year 1848 and yet a little while afterwards, in the Presidential election, Taylor swept the State by fourteen thousand majority.

That the vote of Pennsylvania is now safe for Fremont, it only needs to [illegible] be taken to keep the advantage we have already gained [illegible] At the next election we shall have an immense reserved force, a silent vote of twenty thousand, it least, which was not cast in the election of Tuesday [illegible] ready to be given for Fremont. With a better organization [illegible] *of slavery are presented to the people*, and with the large reserved vote of which we have spoken [illegible] The result [illegible] strengthens, encourages and enlarges the Republican party in that State. It is another impulse given to the mass which was already in motion. To whatever [illegible] it may be owing, it is certain that the cause was [illegible] stronger and stronger every moment which [illegible] between Colonel Fremont's nomination and the [illegible] Those who recall the slender beginnings of the Republican movement a few months since and compare them with its present greatness and power, can hardly be too extravagant in their hopes of what it will effect [illegible] electio[illegible]

From the N Y Tribune

Of the [illegible] in Pennsylvania the Tribune says "It seems to us impossible that the [illegible] should be fought under less [illegible] those which have just been encountered. We had no organization to [illegible] and very little at any time, and there [illegible] general impression that the [illegible] of the canvass [illegible] have been improved. Our losses are nearly all in the Counties most accessible to money and influences from Philadelphia; our gains are almost exclusively in the impregnable West and North."

At the [illegible] Festival of the Maine Charitable Mechanic Association, held at Portland on the 16th, an Address was delivered by Mr Oliver [illegible] which the [illegible] of Maine [illegible] admirably adapted to the occasion and was an able and [illegible] performance which gave very general satisfaction. Mr [illegible] was formerly a resident of Bangor and an active member of our Mechanics' Association. We are happy to notice the [illegible] and very creditable effort [illegible] Portland [illegible] with his [illegible] success.

A meeting of several gentlemen connected with the press of this State was held at Portland Friday afternoon, Oct 17th. D L Holmes of the Maine Farmer, was called to the chair and C A Lord was appointed Secretary.

Voted That we invite a meeting of all persons connected with the press of this State, to be held in [illegible] Hall in Portland Oct [illegible] at 10 o'clock A M, for the purpose of conference and consultation upon the general interests of the press.

Voted That Messrs Holmes of the Maine Farmer, [illegible] of the State of Maine [illegible] of the Argus [illegible] of the Advertiser, L H [illegible] of the Transcript, R D Peck of the Journal, C A Lord of the Mirror, J B [illegible] of the Advocate and I N [illegible] of the [illegible] be a committee to make arrangements for such meeting.

Voted That the papers in the State be requested to publish these proceedings.

D L Holmes, Chairman.
Oct 16, 1856. C A Lord, Sec

[illegible] show that very many of the diseases which afflict mankind arise from impurity of the blood. This has long been suspected but has only lately been known. In consumption tubercles are found to be [illegible] in the blood. Dropsy, Gout, Cancer, Ulcers and Eruptions all arise in disordered deposits from the blood. All our diseases [illegible] are [illegible] deranged [illegible] state and even the [illegible] of life follows a want of vitality in the blood. In view of these facts Dr Ayer [illegible] his Cathartic Pills especially to purify and invigorate the blood and hence we believe that [illegible] unparalleled success in controlling and curing disease.—*Medical Journal.*

[illegible] PATENT SAFETY LAMP. It is with great pleasure that we call the attention of our readers to the above named Lamp, it being the only lamp that has proved entirely successful. It is constructed on the principle of the celebrated Davy Lamp and has the sanction of the most scientific skill of the country. We most heartily recommend it.

ACCIDENT. As Mr Charles Robinson and wife were descending the hill east of Malbone's Mills, in a carriage, the horse became unmanageable, and threw them both out. Mrs Robinson escaped with very little injury, but Mr Robinson becoming entangled in the reins was dragged some distance, cutting and bruising him shockingly. No bones were broken, and he is in a fair way of recovering.—*Lewiston Journal.*

YOUNG MEN'S ASSOCIATION. The first public meeting of this Association will be holden at the City Hall this evening. The introductory address is to be delivered by the Rev Mr Cornwall. No step has been taken by our citizens, towards their own intellectual advancement, of greater importance than this organization. To-night let them show their appreciation of it by a general attendance.

Citizens generally, including the ladies, are invited to attend.

DROWNED.—Coroner Field was called upon yesterday (Monday) to hold an inquest on the body of Richmond Bennett who was discovered in the water at the head of [illegible] Norcross & Co's wharf about 9 o'clock. It appeared in evidence that deceased who was of intemperate habits, had been drinking more freely than usual the past week or ten days. The last that was seen of him was on Saturday afternoon, at which time he was on his way towards City Point. The jury rendered a verdict in accordance with the above facts. Deceased was about forty years of age.

ROBBERY. On Saturday evening a seafaring man named Isaac Sanborn was seized on the wharf back of Exchange block by a young man named George Shaw, Jr, and another man unknown and his wallet taken from him, containing $10 in bills. Shaw was arrested by officers Emerson and Adams on Sunday morning, after considerable difficulty. Examined on Monday before the Police Court and committed to trial in default of bail for $[illegible]00.

A NEW BUSINESS. Brig Kate Anderson [illegible] is now loading at Railroad Pier, with orange and lemon box shooks for *Messina* and *Palermo*, in the island of Sicily. They are manufactured at Pittsfield and Newport on the line of the P & Ken R R, and are loaded into the brig directly from the cars.

THE LARGE [illegible]. A despatch was received yesterday stating that [illegible] would be launched from the railway in Portland yesterday afternoon and arrive here on her regular trip this morning.

At the Police Court on Monday, John B Fitzpatrick a boy of 14, was brought up on a charge of pilfering old copper, and after examination, was sentenced to the Reform School during his minority.

PORTRAIT OF GOV HAMLIN. We learn from the Worcester Palladium that Mr Addison [illegible] of that city has drawn and had painted [illegible] a fine portrait of Gov Hamlin of this State. The Palladium says it is an excellent likeness, and a very creditable work of art.

HORSE FAIR. The Penobscot County Horse Fair which is to be holden at the Trotting Park in this city the 28th and 29th inst, will undoubtedly be very attractive. We learn from all parts of the country, and from various places within, that owners of good horses are preparing to be present.

One or more trotting matches will come off upon the course, which will add to the general interest. We already learn that many [illegible] dealers in horses from Boston [illegible] intend to be present.—*Journal.*

THE LUNATIC AND THE SANE MEN OF THE SOUTH.—*Senator Butler* of South Carolina said in a recent speech at a meeting in honor of Bully Brook:

"When Fremont is elected we must rely upon what we have—a good State government. Every Governor in the South should call the Legislature of his State together, and have measures of conduct decided upon. If they did not and submitted to the degradation they would deserve the fate of slaves. I should advise my Legislature to go to the tap of the drum. There is a great question to be settled, but whether [illegible] take the word or the cartridge box I do not know." [Applause]

But the sober reflecting people of the South don't endorse any such disunion [illegible] They will submit to the result, if Fremont is elected (we are [illegible] many of them [illegible] too.)

The following from the Memphis (Tenn) Enquirer shows the sentiment of the better class of people.

"The [illegible] paper, in the true old disunion vein says that *we are preparing to submit in case of Fremont's election.* We are ready and always willing to submit to the Constitution and laws of our country. Should Fremont be legally and constitutionally elected, either by the people or by the House (of which there is little danger) we shall wait till he commits some overt act of treason to the Constitution and the laws before counselling resistance. Moreover when we do counsel resistance, we shall be for making the [illegible] of the Union. Disunion will be the death knell of the entire Republic. Anarchy, civil war, servile war, military despotism *must* follow in their order."

HIGH TRICKS AMONG THE ANCIENT MARINERS. The following yarn which was related by an old friend, about the productiveness of an eccentric merchant in the city of New Bedford to draw on their imagination, is good.

A dozen old captains were seated round old Uncle Johnny Coggshall's grocery store one winter's day. "I," says old Captain Ben Nash, "I guess I got more in the West Indies for Herring than any other man in this place."

"How much did you get, Uncle Ben?"

"Well, you see, I was bound to the West Ward Island and a market, and just as I had got all my cargo aboard, I was cyphering on my log slate how long I should possibly be from home, when I found I should with luck reach there about Lent. Thinks I I'll take a barrel of herring on speculation. I had a good passage, and got there just in the nick of time, and sold 'em off well."

"How much did you get, Uncle Ben?" asked some of the old salts, who with pencil in hand, were making notes to try and catch Uncle Ben foul, "how much did you get?"

"Well, I can't say exactly how much, but I put the money back into the barrel after the herring was out, and I could scarcely crowd the head in."

"What did you get a piece for the herring?" [illegible] for a dollar a piece?"

"Ah, yes. Well now Uncle Ben, at a dollar apiece for the herring, you couldn't have half filled the barrel."

"Well," says Uncle Ben, "all that's very true, but I sold the pickle at five dollars a spoonful!"

A hard boy—that same "Ancient Mariner."

JOKING. We saw an individual in hot pursuit of the City Marshal, this forenoon, in order to have him arrest a small squad of democrats who were playing *bluff* at one of our hotels.—*Lowell News.*

A Bloody Tragedy in the Town of Poland

The Lewiston Journal gives the following details of one of the most cold blooded and atrocious murders that have ever been perpetrated in this State:

In our last issue we alluded to the fact that Mrs Mary, wife of George Knight, of Poland, was found dead in her bed, on Tuesday morning of last week with her throat cut, and that suspicions rested upon her husband as the perpetrator of the horrid deed. Since then he has been arrested, and after a lengthy examination committed to jail.

Mr Knight is a farmer, about forty, and his wife was not far from sixty years of age. So far as anything that was publicly known before this tragedy, they had lived together peaceably. Mrs K was the widow of an older brother of Mr Knight, and has a large family by her former husband, all of whom are men and women grown. She had been married to Knight [illegible] years. Mr Knight has no children. He lives not far from Poland Corner, and has a fine farm and house, which were the property of his wife, and was left her by her first husband.

The facts so far as elicited are as follows: On Monday evening about 7 o'clock, Mr George Knight yoked up his oxen, loaded a few shingles, which were at the door on his cart, and gave his family to understand that he was going to a neighbor's (Mr Harris's), about a mile distant to complete his load preparatory to going to Gray Corner early the next morning.

Mrs Knight expected her husband home, and consequently the porch door was left unfastened. Previous to going to bed, a little girl went down cellar and brought up some candles, and [illegible] in the cellar way. At the usual time the family went to bed,—Mr K in a room in the front part of the house, which was connected with the porch and with the front entry by doors. The mother of Mr Knight an old lady about eighty years of age, and quite deaf [illegible] to bed [illegible] in a back room off from the parlor,—a little girl (an adopted child) [illegible] years of age, slept in another back room adjoining and a little boy about [illegible] in still another back room. These three rooms opened into each other.—About 11 o'clock the old lady was waked up by Mrs Knight coming into her room and saying, that she desired to get into bed with her. She did so, taking the back side of the bed.

A few minutes before twelve o'clock, the old lady and the little boy,—being, with the exception of the girl, all the persons in the house—were both awakened by a sharp cry and by groans, proceeding from the room in which grandmother and Mrs Knight had gone to bed. The little boy in the adjoining room testified that he heard the voice of Mrs K, and that she halloed "[illegible] Harman let me alone." The old lady being deaf heard nothing, but [illegible] which lasted only a moment, but felt what she supposed were the arms of the deceased thrown upon her. Terrified, she jumped out of bed, and rushed into the dining room where the little boy was already out of bed and where the little girl waked by the boy, immediately came. As she opened the door the little girl thought she caught a glimpse of a [illegible] passing by the window, which was in the room where Mrs K was, in all [illegible] with the door and heard a noise in the parlor. The old lady [illegible] then asked [illegible] Aunt Mary, as she termed Mrs Knight, ever had fits.

It was near midnight—the old lady and the little boy and girl stood in the room adjoining that where such a terrible groan had come.—What had occurred they knew not, yet it was certain that some evil had befallen "Aunt Mary." The door leading into her room was shut and they dared not open it. After some difficulty, a lamp was lighted, and the little boy was despatched to a neighbor's—one forty rods distant—to procure aid. A neighbor (Mr [illegible]) soon came in, and they proceeded to open the door into Mrs Knight's room. The little boy being [illegible] turned the key to the bed, beheld Mrs K lying on it in a pool of blood and immediately ran from back—crying out—"Aunt Mary has killed herself!" They [illegible] started back. Knight [illegible] and the boy was [illegible] sent for neighbors. On their return, they went to the bedside, when the most horrible sight presented itself. Mrs Knight lay on her side with a pillow thrown over her head, as though to smother her and with her throat cut from a few inches in front of the left ear to the same distance behind the other ear. The windpipe and both carotids were severed. The bed was covered with blood. Other neighbors were summoned [illegible] for and [illegible] no suspicion were entertained that there had been foul play. Messengers were sent to Mr Harris's for Mr Knight, who informed them that he had gone to Gray.

To return to Mr Knight. At twenty minutes before eight o'clock on Monday night, he left Mr Harris's, with his team and a load of shingles for Gray Corner. Between ten and twelve o'clock two men passed the whole length of this road that Mr Knight must travel to Gray, and they met no team nor any person. Where then was Mr Knight during these six hours? About four o'clock on Tuesday morning, Mr Knight called up a man who lived eight miles from Mr Harris's, and asked to warm him. He remarked that it was cold and he had been walking [illegible] some hours. Thus in six hours he had gone eight miles of his journey. At seven o'clock in the morning he entered Gray village with his team and shingles, having been but *three* hours going the last six miles of his journey. As he was entering the village, the messengers who had been sent after him to inform him of the tragedy, overtook him, and informed him that they had bad news to communicate to him—that his wife had committed suicide. He merely remarked that he couldn't believe it. While he exhibited no desire to immediately return home he proceeded on with his team, and sold his shingles, and it was only at the request of the messenger that he concluded to return home with one of them in the wagon, and leave the other to come back with the team. Some time in the morning he reached home. His coat was buttoned up.

It was no easy thing—neighbors had assembled—a coroner had been sent for—there was great excitement in that usually quiet neighborhood. As yet it was supposed that Mrs Knight had killed herself. On examining the bed, a razor was found near the foot of it. It was shut, bloodless, and on examination found to be dusty. Other rooms in the house were examined. The candles that the little girl had brought up were all gone—the matches were all gone, one only having been left in the corner of the box. This one had been used the night before for lighting the lamp. Three pillows were found on the bed on which lay the dead woman. On examination a pillow was found gone from the parlor bed. The front parlor window was out and rested on a chair and table and one of the [illegible] was torn off. Spots of blood and distinct prints of bloody hands were found on the window sill, as though some person in his hurry to escape had stepped on a log under the window, and, slipping, had grasped the window to prevent his falling. All now were confident that Mrs Knight had been murdered, and suspicions began to be whispered that her husband was implicated. He, however, showed no signs of fear.

The coroner's jury returned a sealed verdict. The County Attorney was notified, and immediately set about ferreting out the mysterious tragedy. Drs Carr and Russell, of Mechanic Falls, Dr [illegible] of Poland, Dr. Steedman, and Drs Garcelon and Fessenden, of Lewiston, examined the wound, and gave it as their opinion that Mrs. K. could not have made such a wound herself—that it could not have been done with a razor, but with a sharp pointed instrument—that it appeared to have been done at one blow and that an appearance of two cuts was caused by the murdered woman struggling a little, and changing the direction of the instrument. Some one proposed that, as Mr Knight was suspected, he should take off his coat and show his shirt. He did so. He was told that the shirt he had on was a clean one, and that they wanted to see the shirt he had on the day before. After giving several contradictory answers, he finally said that he had had on but an under shirt then. If he had on one, it has not been, nor can not be found.

Wednesday, it was thought proper to arrest Mr Knight, and to investigate the circumstances. Fearing that he might make an attempt to escape, two young men were sent ahead of the officers, to a hill back of the house.—While there they saw Knight come out of the house pass around it, and go near a fence then look around. They then saw him go across a field to the edge of the woods, stop by a clump of bushes, pass into the woods and then turn. He then crossed the field and went to a neighbor's. Here he was found and arrested by the officers. Search was instituted and on Thursday morning, under the fence near where he was seen to go by the young men, a common butcher knife all covered with blood was found. On showing it to the medical men in attendance they were unanimously of opinion that the wound corresponded with the shape of the knife. While the examination was progressing two distinct attempts were made by Mr K to bribe persons to swear that between the hours of ten and twelve he was stopping at another place.

As yet mystery hung around the whereabouts of Mr Knight between the hours of ten Monday evening and four Tuesday morning. Search being instituted, the tracks of cart wheels was discovered on the road leading to Gray, near the place where the cross road turned off to go to his house. It [illegible] appeared that the cart had been driven out of the main travelled track into a by path. It also appeared that the oxen had been taken off the cart, and chained to the wheels. These facts—supposing the team to have been that of Mr Knight—would show where he was between ten and twelve, the time when persons passed over the road. On examining his cart, marks of blood were found on the [illegible] and on examining the shingles which he had sold in Gray, more marks of what seemed to be blood were discovered.—On closely examining [illegible] under shirts marks of blood were [illegible] and also a torn place which appeared to have been done recently for the purpose of removing the [illegible] Higher up on the sleeve another appearance of blood was detected.

Thursday afternoon the funeral services of the murdered woman were attended, and at the special request of Mr Knight and [illegible] against the remonstrance of the dead woman's daughters he was permitted to attend under the charge of officers and appear as chief mourner. He participated in the solemn acts of reverence for the dead without moving a muscle of his face. The [illegible] of the murdered woman's daughters are [illegible] to have been [illegible]

The prisoner remained in the custody of the sheriff [illegible] and on [illegible] of Poland, until Monday morning when he was committed to the Jail in Portland to await his trial.

Arrest of Kansas Emigrants.

CHICAGO, Oct. 20th.

Advices from Nebraska city give further particulars of the recent arrest of Emigrants. They were numbered 250 including women and children. Mr. Eldridge, the conductor, procured permission of Gov. Geary to enter the territory with the ordinary arms of Emigrants, and he assured that the intentions of the party were peaceful. On arriving at Plymouth, Kansas, on the 10th inst., they found Deputy Marshal Preston with 700 troops acting as a posse and six pieces of artillery drawn up to oppose their further progress.

The marshal ordered them to halt, and informed the whole party that they were prisoners. All the boxes, trunks and baggage were searched and resulted in the finding of some 150 powder, keg of cartridges belonging to eight guards, 16 Sharp's rifles, 2 doz. revolvers, and a number of common rifles, belonging to private individuals.

The troops then took possession of all the teams, wagons, baggage, farming utensils, and large quantity of provisions, and ordered the whole party under a guard, with instructions to fire upon anybody who might attempt to escape.

The emigrants were mostly from New York, Maine, Ohio, Illinois, Wisconsin and Iowa.

CHICAGO, Oct. 20.

A fire started on Saturday at Bridgeport, four miles from this city, destroying in addition to the propeller Falcon, previously reported, the packing house of Hough & Kerrigan, with a large quantity of beef belonging to Hawkins and Van Antwerp. The loss of Hough & Kerrigan in buildings is $20,000, insured for $24,000, and in stock $40,000, insured for $32,000; Hawkins & Van Antwerp's loss on beef is $25,000. Uninsured.

John Otis, Esq. of Hallowell, died suddenly at that place on Friday, at one o'clock. P. M. Mr. Otis was a prominent member of the legal profession in Maine, and a Representative to Congress during Gen. Taylor's administration.

PHILADELPHIA, Oct. 18.

The Republican and North American State Committee, together with a portion of the Fillmore State Committee, last night agreed unanimously upon a fusion ticket, based upon the proposition of the Union State Committee, and the call for a Union State Convention to be held at Harrisburg on the 21st inst. to wit: —Twenty-six names in common; the twenty-seventh name to be different on the ticket voted for by the Fillmore and Fremont men, respectively; the vote for Electors, if chosen, to be given according to the vote given for the twenty-seventh name respectively.

It was also agreed that the electoral ticket ... voted for by the Fremont men should be headed by the name of John C. Fremont, and that to be voted by the Fillmore men by the name of Millard Fillmore. A portion of the ... committee refused to agree.

Terrible Gale on Long Island Sound.

Loss of ... of the Steamer Connecticut—Cargo thrown overboard—Passengers saved—Some Seventy Injured.—New York, Oct. 18.—There was a terrific Northeaster on the Sound last night. The steamer Connecticut from New York for Norwich, was entirely disabled, and for some time was given up as lost; but by throwing over all her cargo she kept afloat. The passengers were all saved, but some were severely injured.

Destruction of the Steamship City of Savannah.—Baltimore, Oct. 16.—The steamship City of Savannah, from Savannah for Baltimore, sprung a leak in a severe storm on Tuesday last, off Cape Hatteras. The pumps became choked, and the crew were unable to work them; the rising water soon extinguished the fires, and the vessel sunk on Thursday.

Later from Nicaragua.—New York, Oct. ...—Steamer Texas has arrived at Norfolk.—... brings later dates from Nicaragua.

Gen. Walker's troops had evacuated Messaya and were concentrating in Grenada, upon which the enemies were advancing, killing many of the men by the way.

A decisive battle was expected about Oct. 25. Herrera had 2000 troops, and were expecting a reinforcement of 900 or 1000 men.

Walker was receiving reinforcements and munitions from the United States and California.

New York, Oct. 18.—Judge Brady to-day made an order for the arrest of Mr. Coleman and all the executive members of the San Francisco Vigilance Committee, on the complaint of Wm. Mulligan, one of the banished parties. Damages laid at $100,000.

GRAND EXHIBITION OF HORSES,

....BY THE....

Boston Agricultural Association.

THE First Exhibition of the Boston Agricultural Association will be held at Boston, on Tuesday, Wednesday, Thursday, Friday and Saturday, October 21, 22, 23, 24 and 25. Premiums from Twenty-five to One Thousand Dollars, have been offered, open for competition to horses from all parts of the Union, as well as the Canadas.

A Committee, composed of citizens of Boston and vicinity has been appointed to co-operate with the officers of the Society in perfecting arrangements for the Exhibition. A large fund has been guaranteed to meet expenses. This material aid, taken in connexion with the excellence of the location, (being the same grounds occupied last year by the U. S. Agricultural Society,) and the large amount of premiums offered, induce the expectation that this Exhibition will be of a superior character.

Seats for six thousand persons have been prepared, also a saloon, with female attendants for the accommodation of ladies.

Stalls for the accommodation of four hundred horses have been prepared upon the ground.

Favorable arrangements with the various railroads, for the transportation of stock, are in progress, the terms of which will be given on application at the office.

The following horses will be upon the ground, and have signified their intention to enter and contend for Premiums offered for speed, viz: Ethan Allen, Hiram Drew, Flora Temple, Lancet, Tacony, Grey Eddy, Pocahontas, and others of well known reputation.

The Premium list, with the Regulations and Programme of the Exhibition, will be furnished on application to the Secretary, at Boston.

1,000,000 BOTTLES SOLD!

Entered according to Act of Congress, in the year 1850, by J. Russell Spalding, in the Clerk's Office of the District Court of Massachusetts.

J. RUSSELL SPALDING'S

ROSE MARY

This great and popular preparation is decidedly one of the nicest and best articles in the world for the HAIR!

It imparts a glossiness and brilliancy, cleans, ornaments, invigorates, embellishes, removes dandruff, relieves headache, and has probably been used for restoring and preventing the falling off of the hair with as much success as any article ever known. It has stood the test of time and trial and all can rely upon it.

Sole proprietor, J. Russell Spalding, Manufacturing Chemist. Principal Depot, 27 Tremont st., opp. the Museum, Boston, Mass., where all orders should be addressed. The fac-simile of his signature is on every bottle of the genuine.

AMBROTYPES!

Rooms—No. 1 Main Street.

THE subscribers have the pleasure of announcing to the citizens of Bangor and vicinity, that they have recently opened a new and spacious suite of Rooms in the city for making Ambrotypes.

The genuine Ambrotype, (among other things that distinguish it from all other pictures,) is taken upon fine plate glass, upon which is placed another glass, the two being united by an indestructible gum, thus securing it from dust, dampness, or liability to damage from any source.—The pictures are not reversed, are free from that unpleasant reflection peculiar to the Daguerreotype, and are the only photographic pictures that do not change.

Those having pictures they wish to preserve, can have them copied by this process.

The public are respectfully invited to examine the pictures at our Rooms,

Entrance next door North of No. 1 Main Street.

N. B. The genuine Ambrotype can be obtained only at our Rooms.

Worth Reading.

WHEN, by long study and many experiments, a physician has discovered a new principle in medicine, by which pain may be removed and disease cured, more surely and effectively than before, it immediately becomes his duty so to bring it before the public as to give to all an opportunity to profit by his discovery. For this reason the proprietor of the genuine Allied Ointment and Syrup offers his preparation to all who are afflicted with Scrofula, Salt Rheum, Cancerous Humors, Fever Sores, Pimples, and other eruptions, with the assurance that in nearly every case where they have been tried they have effected permanent cures. Every agent can give reference to persons in his vicinity who have been cured by them.

California Steamers,

Carrying the United States Mail.

5th and 20th of each Month.

Greatly Reduced Prices. 50 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus via Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the only line giving entire Through Tickets, including meals, on the Isthmus.

Transit made in *four hours, entirely by daylight,* thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a sure and short passage, without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and Tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city. LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE!

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that which leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Buchu.

IS A CERTAIN, SAFE AND EFFECTUAL REMEDY *For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,* and all Diseases of the Sexual Organs, whether in MALE OR FEMALE, from whatever cause they may have originated, and *No Matter of How Long Standing.*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the disease, drives out all the diseased fluids of the body, thus removing the cause and rendering the cure *Certain and Permanent.*

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of *Merciless Quacks,* if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the less confidence of the afflicted in performing SAFE CURES.

It contains no nitrate, mercury, or other injurious drug, but is purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them, *Delays are Dangerous.*

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine rapidly and effectually cures the most virulent forms of secret diseases, and eradicates every particle of infectious matter, from the patient to a perfect state of *Health and Purity.* And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Sarsaparilla,
—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patients and practitioners the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evils alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and the most active preparations which can be made. Two table spoonsfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

—PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5.
" " Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

H. T. HELMBOLD,

PROFESSOR WOOD'S
HAIR RESTORATIVE

IS, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all scrofula, and other cutaneous eruptions, such as scald head, &c. It will cure, as if by magic, nervous or periodical headache; make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling, to extreme old age. The following is from a distinguished member of the medical profession:

St. Paul, January 27, 1855.

Professor O. J. Wood—Dear Sir: Unsolicited I send you this certificate. After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was aglow. This I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August last until the present time, and is now thick, black, and strong—soft and pleasant to the touch; whereas, before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I had read of these things—and who has not?—but have not until [illegible] day care where any person's hair was really benefitted by any of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the territory. The people here know its effects, and daily inquiries are made for it. The supply you sent me, as wholesale agents for the territory, is nearly exhausted, and daily inquiries are made for it. You deserve credit for your discovery; and I, for one, return you my thanks for the benefit it has done me, for I certainly had despaired long ago of ever obtaining any such result.

Yours, truly,
J. W. BOND,
Firm of Bond & Kelley, Druggists, St. Paul.

[From the Editor of the Real Estate Advertiser.]

Boston, 27 School street, March 10, 1855.

Dear sir: Having become prematurely quite gray, I was induced, some six weeks since, to make a trial of your Restorative. I have used less than two bottles, but the gray hairs have all disappeared, and although my hair has not fully attained its original color, yet the process of change is gradually going on, and I am in great hopes that in a short time my hair will be as dark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which before was harsh and dry; and it has ceased to come out as formerly.

Respectfully yours, D. C. M. RUPP.
Professor Wood.

Carlyle, Illinois, June 28, 1855.

I have used Professor Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative" it has resumed its original color, and I have no doubt, permanently so.

THE GREATEST

MEDICAL DISCOVERY

Of the Age.

Dr. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds,* a remedy that cures

EVERY KIND OF HUMOR;

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one tablespoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 15 & 17, *Market Square, Portland, Maine,* to whom all orders should be addressed. Sold by respectable Druggists, throughout the United States and British Provinces.

PRICE $1,00.

Professor Humphrey's SPECIFIC Homœopathic Medicines,

......FOR......

Families, Travelers, and others.

THESE Medicines have been carefully prepared, with the view of supplying families and others with *Specific Remedies* against all of the more common diseases which occur in every day life. The list includes not only remedies for the more common diseases, such as Coughs, Colds, Headaches, Derangements of the Stomach, Fever, Worm Complaints, Diarrhœa, &c., but also for those more serious and violent diseases which require to be met on the spur of the moment, such as Croup, Cholera, Dysentery, Inflammation, &c., for whose treatment it is very important always to have the proper remedies at hand. There are also remedies for those more delicate Female derangements which are [illegible] it so difficult to [illegible], but yet a remedy for which contributes so much to the domestic enjoyment of life.

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes [illegible] Each box contains [illegible] Pellets, and 15 boxes, for the different kinds, are enclosed in a case, accompanied with a small Manual or Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c., necessary for a case. Cases also, containing four or six of the small boxes are put up, which may be supplied with any of the different kinds at the option of the purchaser.

The advantages of Specific Homœopathic Medicines.—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, a headache, diarrhœa, or a fever, and the care, study, and discrimination required to select the proper one. But here you have a single Remedy for each particular disease, and are thereby able to use them, with benefit and precision, without that labor and study which the other system is so illy able to bestow, and without that search and examination which, to the mother, nurse, or invalid, is so perplexing, annoying and unsatisfactory. These advantages are so obvious as to commend them to all.

Prepared by Dr. F. HUMPHREY, Albany, N.Y., and sold by C. B. WALKER, Agent for Maine, at 34 Main street.
